NOTE:

Tardy policy:

STUDENTS CANNOT BE LATE. If a student arrives once class has begun he/she will be unable to stay. **No exceptions. No excuses.** In order to avoid being turned away, we suggest you arrive early (keep in mind that your watch/clock may not have exactly the same time as ours...)!

Absentee policy:

If a student misses class for any reason, he/she will have to make up that session the next time it is being taught and there is an available seat. (**We do not reserve seats for students that have missed a session.**) Students that have a doctor's excuse or proof of a death in the family will have priority.

If you miss a session, we will contact you once that session is scheduled and it is determined that there will be a seat available.
